| TP/TC Stamp with Signature | | Date | |

**Instruction:**

1. All questions are compulsory
2. The question papers consist of MCQ.
3. You will be given 60 minutes
4. Please read all questions carefully
5. There is no negative marking

**TEL/N2401.Undertake telecom e-waste collection, handling, and disposal operations**

**1. What is the main purpose of segregating telecom e-waste at collection points?**

(3Marks)

A. To reduce packing time
B. To enhance warehouse lighting
C. To improve recycling efficiency
D. To increase storage space

**2. Which material is commonly recovered from discarded telecom circuit boards?**

(3Marks)

A. Wood
B. Rubber
C. Gold
D. Cement

**3. Which container is best suited for storing cracked telecom batteries?** (3Marks)
A. Cloth bag
B. Airtight metal box
C. Paper carton
D. Open plastic bucket

**4. What is the first step before lifting heavy telecom e-waste equipment?** (3Marks)
A. Inspect weight and stability
B. Adjust electricity supply
C. Request for refreshments
D. Rearrange office furniture

**5. Which document is essential during transportation of telecom e-waste?** **(3Marks)**
A. Customer feedback form
B. Warranty card
C. E-waste manifest
D. Product catalogue

**6. What should be worn while handling sharp e-waste components?** **(3Marks)**
A. Woolen mittens
B. Decorative sleeves
C. Cut-resistant gloves
D. Plastic wraps

**7. Which process ensures recovery of reusable metals from telecom e-waste?** **(3Marks)**
A. Decorating
B. Dismantling
C. Laminating
D. Painting

**8. Why should telecom batteries be kept away from heat sources?** **(3Marks)**
A. To maintain color appearance
B. To prevent leakage and swelling
C. To improve packaging look
D. To reduce storage rent

**9. What is the purpose of using anti-static bags for storing chips?** **(3Marks)**
A. To reduce bag weight
B. To enhance color display
C. To protect from electrostatic damage
D. To improve packing style

**10. Which action ensures safe disposal of telecom e-waste?** **(3Marks)**
A. Mixing with regular scrap
B. Sending waste to authorized recyclers
C. Storing everything long-term
D. Distributing to random users

**TEL/N9108.Follow sustainability practices in telecom operations**
**11. What is the main goal of sustainability practices in telecom operations?** **(3Marks)**
A. Improve ringtone selection
B. Increase cable color variety
C. Reduce office decoration costs
D. Ensure long-term environmental protection

**12. Which action supports energy conservation in telecom facilities?** **(3Marks)**
A. Running lights all day
B. Using energy-efficient equipment
C. Leaving devices idle
D. Using oversized batteries

### 13. Which practice helps reduce material waste during telecom maintenance?
**(3Marks)**

A. Over-packing items
B. Reusing functional components
C. Excessive cutting of cables
D. Random drilling

### 14. Why should water usage be minimized during equipment cleaning?     **(3Marks)**
A. To increase polishing speed
B. To conserve natural resources
C. To maintain tool color
D. To reduce weight

### 15. What is a key benefit of using eco-friendly packaging materials?     **(3Marks)**
A. Reduced recycling accuracy
B. Heavier transport loads
C. Better environmental impact
D. Increased storage rent

### 16. Which method helps lower carbon footprint in telecom logistics?     **(3Marks)**
A. Taking longer routes
B. Increasing idle engine time
C. Using fuel-efficient vehicles
D. Transporting empty containers

### 17. What is the purpose of monitoring energy consumption in telecom sites? **(3Marks)**
A. To improve energy efficiency
B. To brighten work uniforms
C. To enhance building appearance
D. To check electricity bill designs

### 18. How can telecom workers reduce paper waste at worksites?     **(3Marks)**
A. Using digital records
B. Printing all documents twice
C. Storing papers outdoors
D. Writing on unused boxes

### 19. Which sustainable practice should be followed for old telecom equipment?
**(3Marks)**

A. Painting them for reuse
B. Sending them to authorized recyclers
C. Storing them permanently
D. Hiding them in storerooms

### 20. Why is proper waste segregation important in telecom operations?     **(3Marks)**
A. Helps improve recycling outcomes
B. Makes storage racks colorful
C. Increases break time
D. Reduces toolbox weight

**DGT/VSQ/N0101.Employability Skills (30 Hours)**

**21. Which skill helps a Telecom E-Waste Handler complete tasks on time?** **(2Marks)**
A. Fast typing
B. Cable painting
C. Time management
D. Color mixing

**22. Which communication skill is essential when reporting e-waste quantities?**
**(2Marks)**
A. Clear verbal communication
B. Loud shouting
C. Whispering
D. Random gestures

**23. Which behaviour improves teamwork during e-waste handling activities?**
**(2Marks)**
A. Cooperative attitude
B. Working in isolation
C. Arguing frequently
D. Ignoring team inputs

**24. Which trait helps adapt to new recycling guidelines quickly?** **(2Marks)**
A. Avoiding updates
B. Slow response
C. Continuous learning
D. Overconfidence

**25. Which skill is needed for accurate data entry in e-waste records?** **(2Marks)**
A. Guessing
B. Fast scribbling
C. Attention to detail
D. Random selection

**26. What should a worker practice to maintain professionalism at the worksite?**
**(2Marks)**
A. Frequent arguments
B. Loud casual talk
C. Casual behaviour
D. Proper workplace etiquette

**27. Which ability helps resolve issues while handling equipment?** **(2Marks)**
A. Leaving tasks incomplete
B. Asking random questions
C. Avoiding decisions
D. Problem-solving

**28. What is essential for maintaining safety during e-waste loading?** (2Marks)
A. Running during tasks
B. Using damaged gloves
C. Safety awareness
D. Ignoring safety rules

**29. Which skill helps maintain good relations with supervisors?** (2Marks)
A. Impolite replies
B. Long silence
C. Respectful communication
D. Avoiding discussions

**30. Which approach helps workers grow in their telecom career?** (2Marks)
A. Rejecting feedback
B. Continuous skill development
C. Taking unplanned leaves
D. Skipping training sessions

# Answer Key

| | | | | | |
|---|---|---|---|---|---|
| **1** | C | **11** | D | **21** | C |
| **2** | C | **12** | B | **22** | A |
| **3** | B | **13** | B | **23** | A |
| **4** | A | **14** | B | **24** | C |
| **5** | C | **15** | C | **25** | C |
| **6** | C | **16** | C | **26** | D |
| **7** | B | **17** | A | **27** | D |
| **8** | B | **18** | A | **28** | C |
| **9** | C | **19** | B | **29** | C |
| **10** | B | **20** | A | **30** | B |
